

“Closure”
By: Hayden M.
Virginia Beach Middle

Sometimes I feel like bawling and bellowing and acting
absurd

Attacking whoever is next to me for what has
occurred

Snatching and destroying what's next to me out of
urge

But the strangers standing near by shouldn't have to
witness that

And the book next to me doesn't deserve to be hit

So I will keep my composure

To hopefully provide full **closure**
