NOTE: All inventory must be listed on this sheet. If you refresh or bring in extra items mid-show, you must add them to this (or fill out an additional sheet), and ensure that additional sales tags are printed.

List each UNIQUE piece separately and list DUPLICATED items as a single entry with the appropriate quantity. (I.e., if you have 12 identical painted ornaments, you would list them as "mini-glass ornaments, acrylic, 12, \$10. If each ornament had a different price, you'd list them separately.)
