

Mt. Ebott

VB Middle School

If you climb Mt. Ebott you won't return

No trace

That's what they say

And as I climbed I had come to see I saw a pit

I took one step, then came a trip

...

I have made a soft fall on what was a pile of flowers

Golden flowers with a tint of brown

Some towering pillars

I felt myself shiver

*By the way, I wanted to make this based on UNDERTALE. I provided some character images below.
