

Only a 2nd
Isabella S.
Old Donation School, Grade:8

2nd violin part,
One note, two beats
Tap your foot
Rest is over
Play, 1 2 3 4
E, F, G, C,
The bow saws the strings
Fingers dancing on the notes

Count, Play, Listen
The sounds emitted from each instrument
Joining in the air to create,
MUSIC
Next note, next measure, move your bow, keep playing

Don't get lost.
The beat playing in the back of my mind
autopilot
I can hear the blending of notes in the air
It's beautiful

Imaginations run wild
Dancing, running,
Feeling
Music, it has emotion
Pulling at your heart strings
Getting lost in your own head
Calm washes over your worries
It's a feeling of freedom
I know what I'm playing and I know how to play it

BUM!
The last note on the bass rings out as the sounds of the violins die out
Gone, just in a second
The memory of the song rings in my ears
Silence,
Back to reality,
in only a second
