You don't **UNDERSTAND**
 That the pen in your hand
 Isn't *just* a pen
 To a
 W r i t e r

To a writer,
 It is a *whole new world*
 A place where they're wildest dreams
 Can come to **LIFE**
 Where they can escape reality
 And live their wildest *fantasy*

To a writer
 It isn't just *writing*
 It is a warped machine
 Different to each person
 It will bring **people together**
 It will bring others into the
Shapeshifting flame
 It will show them how to
 Live truly

Every author
 Every journalist
 Every poet
 Every novelist
 Every **writer**

Every letter

Every word
Every sentence
Every paragraph
Every line
Every stanza
Every piece of art
Starts from the *beating heart*
Of creativity
It starts with an unfolding mind
It starts with that boring old pen
That you see **worthless**
But a writer sees
As **gold**
